MaxLite Presents:

The QuadroMAX Family of Modular Area Lighting Fixtures

Thursday,
1/25/18 @ 12pm EST

QuadroMAX Plus
modular lighting fixture

QuadroMAX Plus is a new premium area lighting fixture with LED modules that interlock to create configurations from 50W to 300W, reaching 39,500+ lumens. Independent modules and drivers enable quick and efficient product maintenance and customization in the field! Join us to learn more!

Quick-Connect Cables

The original QuadroMAX® is the first universal and scalable outdoor LED luminaire. QuadroMAX® can be customized for virtually any type of outdoor lighting application. Join us to learn how it differs from QuadroMax Plus and how to determine which is best suited to your application.

The department function is to train and provide product training material for all MaxLite representatives, customers and employees. The goal of the department is to educate the staff and rep network to a full and complete understanding of our products, technologies, marketplace, and business environments. We endeavor to educate how and why lighting functions, repair and replacement, as well as compare to competitors or listing requirements. We will accomplish this by providing the tools and services proactively and as needed to supplement.
