LIGHTING CONTROLS

Plug Into Savings

In a complex world of lighting controls, c-MaxTM makes things simple!

Using a patent pending, plug and play design, c-Max makes it easy to add luminaire-level lighting controls to achieve energy savings beyond LED conversion

www.maxlite.com/cmax

Simple

- Easy DIY installation - sensor plugs into a USB-C receptacle on MaxLite LED fixture
- Easy commissioning using remote control with memory banks
- Easy on budget – affordable and scalable solution

Versatile

- Multiple features packed in small form factor
- Ability to set High Trim
- Motion sensing with PIR or microwave technology
- Daylight Harvesting - On/Off and Continuous Adjustment Mode

Future Ready

- Add basic controls during installation or later, depending on need
- Future ready! Upgrade to network wireless controls without removing the fixture
- Version and firmware updates will be backwards compatible

What can c-Max Basic Controls do?

- **Individually control luminaires**
 - 1 sensor per luminaire

- **Grouping**
 - daisy chain wiring - up to 8 luminaires

- **High Trim**
 - Ability to set a maximum light level. Allows for high level of energy savings

- **Occupancy sensing (Microwave or PIR)**
 - Regulate lighting based on detection of people

- **Bi-level dimming**
 - Ability to set different set points for dimming levels

- **Daylight harvesting**
 - Regulate lighting in response to changing daylight conditions
 - Continuous adjustment mode

- **Photocell control (Outdoor Luminaires)**
 - Luminaire turns on/off based on ft candle

- **Save sensor settings**
 - 4 memory banks

Pair c-Max nodes with Controls-Ready MaxLite products today, or in the future!

Patent Pending vandal-resistant design with locking screw that secures sensor to fixture.

Controls Ready Fixtures

MaxLite Controls Ready (CR) fixtures allow for quick and easy in-field installation of controls. Simply purchase any CR fixture and the required Controls Node and you're all set! (See individual product datasheets for available controls options and ordering information)
