# MODULAR 8 FT. LED LINEAR REPLACEMENT

## PRODUCT DESCRIPTION:

The **VersaMax Modular Type B 8FT T8** redefines flexibility and efficiency with its **field-selectable wattage and CCT options**, offering three wattage levels and five color temperatures to meet diverse lighting needs. Designed for seamless adaptability, the FA8 and R17d bases are **field-swappable**, ensuring compatibility across multiple applications. Its **innovative modular design**, featuring two **interlocking 4FT tubes**, simplifies installation, minimizes breakage, and optimizes inventory management—delivering a smarter, more cost-effective lighting solution.

## PRODUCT DIMENSIONS:

MODEL NUMBER	BASE	L	D
L24MT8DE8WCS-CG	FA8	93.87 in.	1.1 in.
	R17d	93.81 in.	1.1 in.

## FEATURES:

- THD <25%
- Easy retrofit into most common linear fluorescent fixtures
- Type B - Ballast Bypass with double-ended wiring
- Instant on
- Mercury free and virtually no UV or IR light

## APPLICATIONS:

- General illumination
- Parking garages
- Tunnels

## CAP ACCESSORIES:
