

Old Favorite, New Technology Say hello to the LED HighMax!

Enjoy the benefits of LED in a familiar form factor. Compared to its CFL counterpart, the LED HighMax delivers:

- Higher Efficiency (60% energy savings)
- Higher Quality Light (up to 9,400 lumens)
- Higher Reliability (50,000 hours L70 rated life)

The LED HighMax is an easy and long-lasting replacement for HID and CFL bulbs in high bay and low bay fixtures, and decorative post top luminaires.

Features:

- Retrofits E39/EX39 sockets
- Simple ballast bypass
- Replaces from 175W-400W MH
- Instant-on (no warm-up time)
